EXPERIENCE

Prior to working for the RMC Group, Paul spent 12 years within the insurance industry with roles ranging from inside claims, field operations and leadership. Since joining the RMC Group, he has worked independently and with several teams to consult on multi, large losses by inspecting damages, creating loss scopes and writing estimates.

Having a background in the insurance industry, Paul utilizes his skills to work with carriers in his role as a building consultant, to provide a quality product and great customer service.
